The Bakker Crossing Jr. Golf Academy is for serious junior boy & girl golfers that want to take their game to the next level. This program is designed specifically for players that want to improve their swing, lower their scores, play tournament golf, and compete at the high school or college level. We will be playing or practicing at least 5 days per week during the summer. This schedule requires full commitment from the student. Our primary focus will be learning the game of golf and improvement in all aspects including swing mechanics, mental game, scoring, and course management.
